

***“I know  
our customers  
like I know  
our engines”***

---

**Arjan Opmeer**

Senior Service Engineer Europe

# ***OUR PARTNERSHIP HAS NO DOWNTIME***

Whether you are trying to stay ahead of the competition or meet legislation like Stage V, change is inevitable. Our partnership is about helping our customers through this process, not only by providing high quality engines but more importantly a strong partnership that reaches far beyond the life cycle of the engine.

Contact me to make  
the safe choice.

***I need to change my engine to be Stage V compliant***

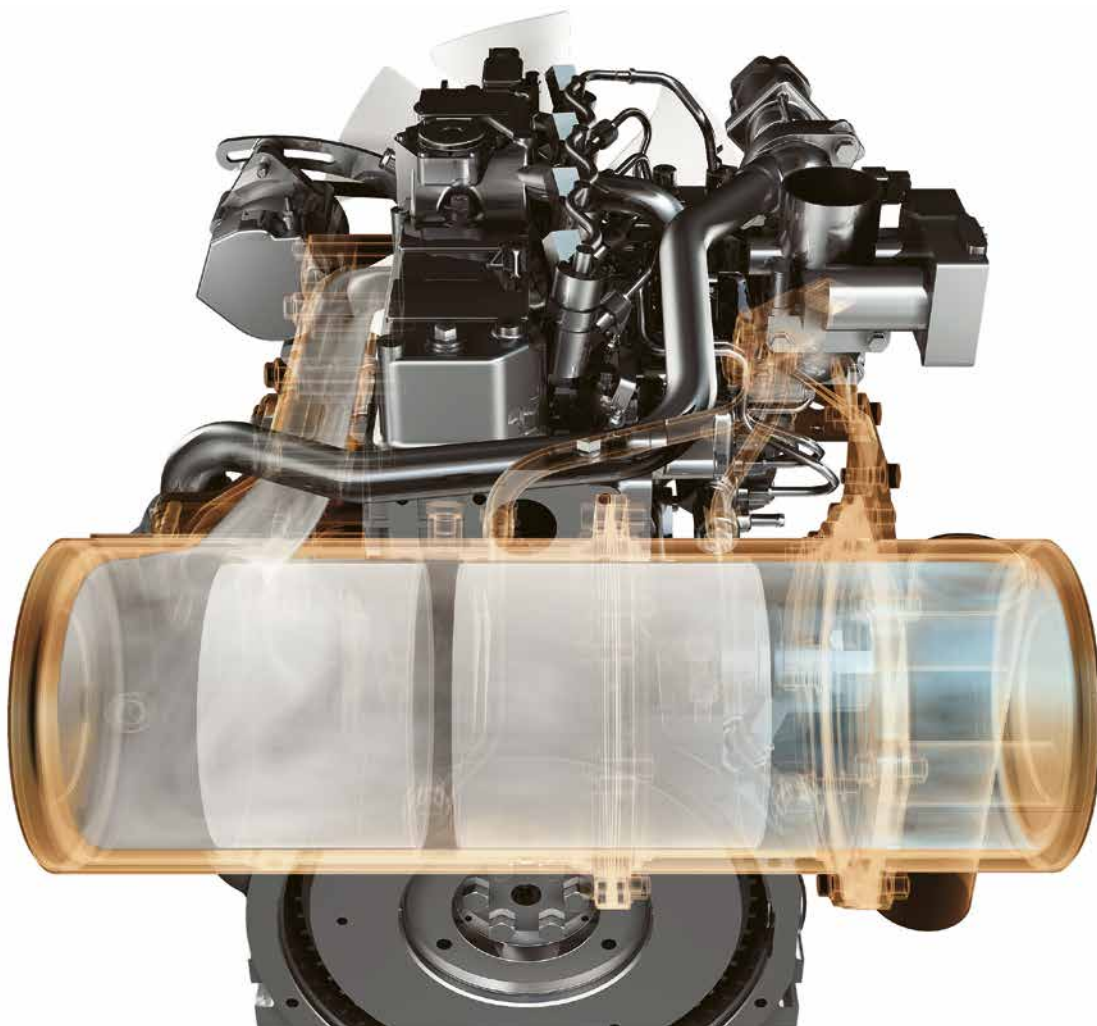

***How easy is it with Yanmar?***

***Our partnership has no downtime***

## ***How often is the Yanmar Diesel Particulate Filter (DPF) serviced?***

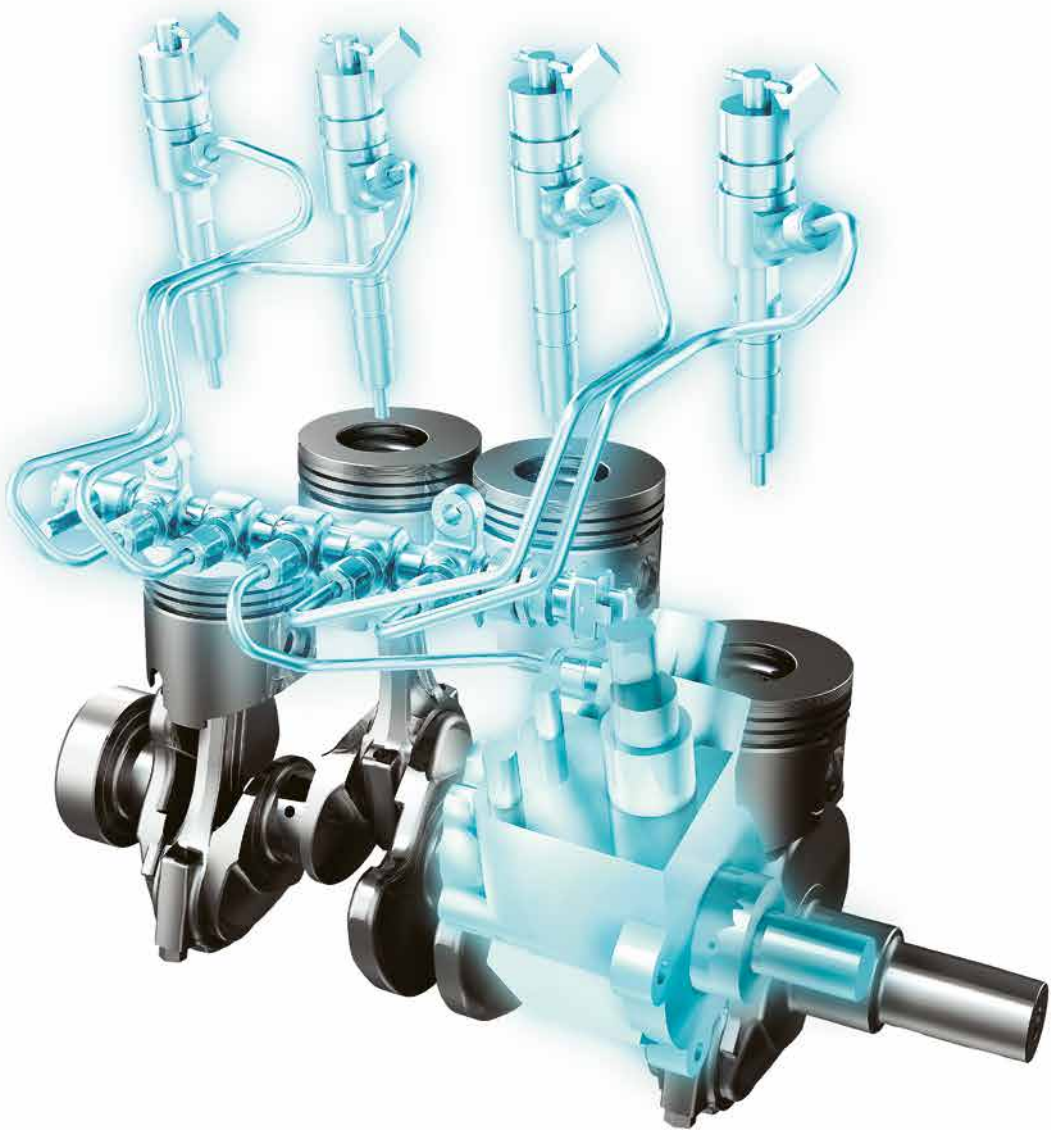

**The Yanmar Diesel Particulate Filter has a lifecycle of between 6,000 – 10,000 hours and beyond depending on the application.**

**Maintenance free for the lifetime of your machine.**

## ***How is the fuel injection system serviced?***

**Fuel injector servicing can be carried out by any Bosch technician in your country.**

***Our partnership has no downtime***

## ***What if I need a part in a hurry or there is a problem?***

**With its comprehensive worldwide network, Yanmar provides fast and effective access to parts and service.**

**Be it parts or repairs, Yanmar's trained staff and dealer network will be right behind you ready to make sure any downtime is minimal.**

**Yanmar's desire to provide a quality, high performance, emission compliant, long running and trouble-free engine is the key for the future.**

**At Yanmar we care so you can trust the support.**
